## WELCOME

Welcome to the homepage of the 41st International Physics Olympiad which will be held in Zagreb, Croatia, from 17 to 25 July 2010.

The 41st IPhO is being organized by the Croatian Physical Society and the University of Zagreb as the co-organizer, under the financial support of the Ministry of Science, Education and Sports of the Republic of Croatia and the City of Zagreb.

International Physics Olympiad is the greatest international competition of the secondary school students in physics with the aim of promoting physics by connecting young people from all over the world, giving them the opportunity to exchange experiences, encouraging new friendships and collaborations within the scientific community, insuring a bright future for the development of physics and valuable new achievements.

This year we are expecting representatives from over 90 countries. More than 400 brilliant students will show their knowledge in Physics and meet new friends from the whole world.

The Organizing Committee, the physicists and the people of Croatia are honored and proud to have the opportunity to be the host of this exceptional event.

We will do our best to create beautiful memories from Zagreb and Croatia to our guests.
